Mark Gallagher, Member

**STAFF PRESENT:** Gregory R. Krom, Superintendent  
Anne-Marie Yeo, Administrative Assistant

**RATE HEARING**

**DISCUSSION**

The members of the Board reviewed the proposed FY 19 rate model draft. The increases are driven by the work being done to improve our water infrastructure and most importantly the quality of water as a result of the Water Treatment Plant that is being built. The new rate structure will cost the average user approximately .75 cents per day.

**VOTE**

After careful consideration, the motion was made and accepted to approve the rate schedule as presented in the draft. The rate and fee schedule will go into effect for water used as of July 1, 2018

The meeting closed at 4:50 p.m.

Respectfully submitted,  
Anne-Marie Yeo  
Administrative Assistant
